

## How to reach Recharge offices from :

- **The airport** : 10 minutes cab ride.  
Fastest way, slightly longer, is using Liège motorway as detailed below : otherwise, via Woluwe & Boulevard de la Woluwe onto Avenue de Tervueren (towards town).
- **Train** : to Central Station, then by cab or metro/underground/subway : take line 1B direction Stockel, 6<sup>th</sup> stop is "Montgomery" (Square). Take "Tervueren II/Broqueville II" exit. Our building is 100m on left side of Avenue de Tervueren.  
By Eurostar or Thalys, you need to change train to go to Central Station or take a cab.
- **Car** : number 168 is 50m before (SSE) Square Montgomery - beware : garage entrance (ideophone connection necessary) is just before building entrance, visitors parking on 1<sup>st</sup> level.
- **Liège / Aachen** : at end of motorway, bear farthest left, left lane in a tunnel turning left, left out of the tunnel onto dual carriageway, under another tunnel, exit to right access lane, through 2 sets of lights onto circular Montgomery Square, 270° turn into tree-lined Avenue de Tervueren, using side/access road (odd numbers), around the next square so as to cross the Avenue & return along its parallel side road.
- **Antwerp / Netherlands** : at end of motorway, bear left onto Ring Road (RO, direction Luik/Namen), exit at crossing with E 40 motorway (Lui, Leuven, Brussels), bear right towards Brussels, then follow directions as per Liège/aachen above.
- **Namur / Luxembourg** : at end of motorway, bear right at 2<sup>nd</sup> traffic lights (T-junction) to end of dual carriageway (traffic lights, T-junction), bear right (Blvd Gén. Jacques, then Blvd Schmidt), through 2 sets of lights into tunnel, exit to right access lane onto circular Montgomery Square, 90° turn into tree-lined Avenue de Tervueren, using side/access road (odd numbers), around the next square so as to cross the Avenue & return along its parallel side road.
- **Mons / France** : take Brussels Ring East (RO left direction Liège/Antwerp, for 23 km), exit after 2<sup>nd</sup> tunnel (just after E Namur motorway crossing), turn left on N3 at next crossing (2<sup>nd</sup> set of lights on dual carriageway) into woods, continue for 6 km straight along Avenue de Tervueren (down then up through 7 lights). At top of hill or before, exit to access/side road.
- **Ghent/Lille/UK** : 2 possibilities
  1. (easier but longer) Take Brussels Ring East (RO left direction Liège/Antwerp) for around 19 km, exit #23 at crossing with E 40 Liège motorway, bear right towards Brussels, then follow directions as per Liège / Aachen above.
  2. (through town) : at end of motorway, continue straight onto dual carriageway, turn far right at T-junction into series of tunnels, exit after Tunnel Loi/wet, turn left "Belliard", stay in central lanes into tunnel (along EU Parliament & under Commission), bear right in curving tunnel, pass under Cinquantenaire Arch - 2 more tunnels, exit at first light, turn around the square so as to cross Avenue de Tervueren and retrace your steps along parallel side road.

REcharge is located off Square Montgomery, 100 m on NE/left side of Avenue de Tervueren towards Woluwe.

- Metro : line 1 B, "Montgomery" stop (direction "Stockel" from town, "Bizet" towards town)
- Pre-metro : line 5, "Montgomery" stop, trams 23 and 90
- Tram lines : 39 - 44 - 62 - 81, all with common "Montgomery" underground stop
- Bus lines : 20 – 80
